

# Biostatnet Workshop on Biomedical (Big) Data

November 26 and 27, 2015

This is a call for contributed oral and poster presentations for the **BIOSTATNET Workshop on Biomedical (Big) Data**, an initiative of the Catalunya-BIO and Catalunya-SEA nodes of the Spanish Biostatistics Network Biostatnet. This event is part of the Intensive Research Program on [Statistical Advances for Complex Data](#) at the Centre de Recerca Matemàtica (CRM) in Bellaterra (Barcelona).

The aim of this workshop is to provide a meeting point for researchers, senior and junior, interested in statistical methodologies, analysis and computational problems arising from biomedical problems with large and complex datasets.

## Invited Speakers

Aedin Culhane	Harvard University
Rodrigo Dienstmann	Vall d'Hebron Institute of Oncology
Jonathan Marchini	Oxford University
Giovanni Montana	King's College London
Simon Wood	University of Bath

Further details are available on the website of the workshop:

[http://www.crm.cat/en/Activities/Curs\\_2015-2016/Pages/Biostatnet2015.aspx](http://www.crm.cat/en/Activities/Curs_2015-2016/Pages/Biostatnet2015.aspx)

## Abstract submission for oral and poster presentations

Contributed oral and poster presentations on biostatistical methods, in general, and with a special emphasis on methods, problems and solutions for large datasets from the biomedical field.

**Deadline:** October 25, 2015

Abstracts of oral and poster presentations should be submitted by e-mail to Neus Portet ([nportet@crm.cat](mailto:nportet@crm.cat)):

Subject: Author Name; Workshop on Biomedical Big Data

Text message: Name of the presenting author and your preference: oral or poster

Attachment: pdf file of your abstract and tex/doc original text file following the available templates.

## Extended Conference Abstracts

The CRM Editorial Board will include an *extended conference abstracts* (ECA) in Volume 7 of the new subseries *Research Perspectives CRM Barcelona* of the Birkhäuser's series *Trends in Mathematics*

The abstracts, with an extension of 2-4 pages, published in the ECA subseries will be quotable and its publication will not prevent further publication of the results contained in the abstracts by their authors in any form (more information at <http://www.crm.cat/en/Publications/Pages/Extended-Conference-Abstracts.aspx>, see also <http://www.springer.com/series/13332>). The deadline for the reception of the abstracts is January 15, 2016.

**Scientific coordinators:** M. Luz Calle (Universitat de Vic), Guadalupe Gómez (Universitat Politècnica de Catalunya), Pere Puig (Universitat Autònoma de Barcelona)
